Note: A dash (-) indicates that the value is either zero, rounded to zero, not available, or not applicable. An asterisk (*) is used to indicate a figure less than five. These values are not calculated into the "Total". Counties in which no asylum applications have been lodged are not reported in this table.

[1] A list of country abbreviations is available in Appendix 1.

[2] No separate figure is available for 1970 and for 1971. In calculating the "Total" value, this figure (25) is included in the 1971 column.
