### Ukraine War Squeezes Street Snack in Uganda

Abdi Latif Dahir  
Reporting from Kampala, Uganda

But the price of a rolex has almost doubled in the last year. Russia's invasion of Ukraine, the world's breadbasket, has **driven up the cost of wheat flour and cooking oil**. As in many countries, the hikes are devastating in Uganda, the East African nation where about a third of the population earns under two U.S. dollars a day.

# Objective

To get a better geographical understanding of food systems transformations in the context of African urbanisation and segregation.
